

SECO Controls

**“For Complete Control Solutions”
Since 1982**

SECO Controls has been serving Northern California since 1982 providing Industry-Leading Instrumentation and Controls to the Municipal and Industrial Markets. Our goal is to satisfy our customer’s needs through proper product application, prompt customer service, and after-sale support. Call us today with your instrumentation needs.

ABB Instrumentation

Magnetic, Vortex & Swirl Flowmeters, Wedgemeter, Pressure & Temperature Transmitters, Remote Seals, Process Controllers, Paper and Videographic Recorders, Digital Indicators, Valve Positioners, V/A Meters, Profibus and Foundation Fieldbus.

ABB Analytical

“Complete Analysis for Liquids and Gases.” pH/ORP, Conductivity/Resistivity, DO, Turbidity. Zirconia Oxygen Analyzers. SMA 90 Series O2 Analyzer for Combustion Control. Silica/Phosphate, Hydrazine, Fluoride, Ammonia, Nitrate, Chloride.

K-Tek

Magnetic Level Gauges - Transmitter and Switches
Thermal Dispersion Switches
Instrumentation for Point Level and Continuous Level Measurement

Manufacturer of Industry recognized “KPSI” Level and Pressure Transducers. Including hydrostatic level sensors, submersible level transducers, pressure transducers, and instrumentation for environmental, municipal water management and other industrial process applications.

Ethernet I/O Modules, Signal Conditioners, Transmitters, Isolators and Alarms, Math Computation, Power Supplies. Fieldbus Solutions support Ethernet, Profibus, Modbus, HART.

Combustible Gas, Toxic Gas, Oxygen Deficiency Gas Monitors & Gas Detection Systems
Fixed Gas Detectors, Gas Monitors, Flame Detectors and Hazardous Gas Detection Systems for Industrial and Municipal markets.

Innovative Manufacturer of high-performance natural gas flowmeters and thermal mass flowmeters
Insertion Thermal Mass Flow Meters and Portable Insertion Thermal Mass Flow Meters

Application-Smart Control Solutions. Micro-DCI Control Products (developed by Fischer & Porter), Modcell Products from ABB/Taylor, SLC/CLC products from Bailey.

Pressure Gauges, D/P Gauges, Thermometers. “Hi-Flow” Globe Valves, Butterfly Valves. Humidity Sensors, Switches and Transmitters, Test Equipment

Industrial RTD’s, Thermocouples and Thermowells. General Purpose, Sanitary, Explosion-Proof.. Wire, Accessories, Custom Designs

Grounding Rings, Orifice Plates, Orifice Flanges, Venturi Tubes, Flow Tubes, Flow Nozzles, Pitot Tubes, Straightening Vanes, Bleed Rings, Spool Pieces

David Langford, Partner, Cell: (209) 679-2132; e-mail - dlangford@secocontrols.com
Amanda Wengeler, Inside Sales, (209) 839-8600; e-mail - awengeler@secocontrols.com
